This map displays the forest distribution in Tokushima Prefecture, Japan, for the R7 Forest Plan. The forest areas are highlighted in green, showing a dense network of forested land across the prefecture. The map includes major roads, rivers, and various landmarks. Key locations labeled include Tokushima City (鳴門市), Kotohira (高松), and the R7 Forest Plan area (R7森林計画図). The map also shows the distribution of forest types, with a legend indicating different categories such as evergreen forest (常緑樹林), deciduous forest (落葉樹林), and mixed forest (混交林). The map is sourced from the Tokushima Prefecture's R7 Forest Plan map, processed for this visualization.
